

# Market-wide Half Hourly Settlement (MHHS) Updates

06 September 2024

## Programme Updates

### MHHS Programme Planning Dialogue Session: 11.30-13.00, 12 September 2024

The Programme is undertaking scenario and contingency planning activities to assess the impact of the slower pace of testing on downstream Programme milestones, such as the system and code change 'go-live' Milestone 10 (M10) and Milestone 8 (M8).

A programme Change Request is expected to be issued to industry for impact assessment on **23 September 2024**. Prior to this, the Programme are holding a dialogue session to walk industry participants through the proposed updates to the MHHS Programme Plan. This should enable participants to begin any internal planning activities in advance of the IA window.

The session is at 11:30-13:00 on **12 September 2024**.

For more information please go to the [MHHS Webinars & Open Days page of the MHHS website](#) afterwards.

If you have any questions or have not received an invite, please email [PPC@mhhsprogramme.co.uk](mailto:PPC@mhhsprogramme.co.uk).

## Code Drafting

Following the submission from Ofgem, the REC Change Proposal [R0209 - Implementation of Market-wide Half Hourly Settlement \(MHHS\) Arrangements](#) has now been raised. The Code Manager will take the Change Report and proposed plan to the REC Change Panel on 17 September 2024, before issuing to industry for Consultation.

## REC MHHS industry event: Countdown to Market-Wide Half-Hourly Settlement

RECCo invites all interested REC stakeholders to a MHHS Educational Workshop in **London** on **13 November 2024**. The event will be a great opportunity for REC Parties and other impacted market participants to learn about the next chapter of changes being introduced to the REC. RECCo will offer support from REC subject matter experts (SMEs) to assist your readiness for MHHS.

Due to the level of detail being discussed over this full-day event, we expect most attendees to benefit from attending in person. You will also have the opportunity to meet and interact with our SMEs for additional support and guidance.

[Register for the Educational Workshop](#) and let us know if you intend to join in-person or online.

If you have any queries before the workshop, please email [communications@retailenergycode.co.uk](mailto:communications@retailenergycode.co.uk).

For any MHHS queries from the REC project team ahead of the event, please contact [mhhs@retailenergycode.co.uk](mailto:mhhs@retailenergycode.co.uk).

### Qualification

\*Systems Integration Testing (SIT)

### MPAN Data Request from Non-SIT\* Suppliers and Supplier Agents

The Code Bodies have requested Example Meter Point Administration Number (MPAN) information from participants to support MPAN Data production for testing purposes.

For more information and to view the spreadsheet of MPAN Template Data that the Testing Team have prepared with the information they currently have, please visit the [Non-SIT Supplier and Agent Qualification Testing Subgroup \(SAQTSG\) Information Requests page of the MHHS website](#).

If you have any questions, please email the Code Bodies at [MHHSQualification@elexon.co.uk](mailto:MHHSQualification@elexon.co.uk).

### MHHS Qualification Pre-Integration Testing (PIT) Evidence Obfuscation

Code Bodies are aware that Live MPANs may be used for Non-SIT PIT Qualification Testing. Code Bodies would like to remind participants that MPANs are considered Personal Identifiable Information (PII) and cannot be shared in Test Reports, Evidence, Logs, or Images shared for PIT evidence review.

It is the participant's responsibility to ensure all evidence shared with the Qualification Testing Team and Code Bodies is properly anonymised/obfuscated whilst ensuring that the content can be verified. The Code Bodies have published guidance, including an example diagram, which is available on the [Qualification PIT Evidence Obfuscation page of the MHHS website](#).

If you have any concerns about evidence that is not covered in the guidance or if you have any questions, please email [MHHSQualification@elexon.co.uk](mailto:MHHSQualification@elexon.co.uk).

### **Non-SIT Supplier & Agent Qualification Testing Subgroup (SAQTSG) Information Requests**

Code Bodies are asking **Suppliers** to provide information and clarification on the operation of their systems for forward migrations and on Change of Agent (CoA) Test Cases by 17:00 on **06 September 2024**. This request supports the Qualification Testing Team to prepare the Qualification Testing Framework.

You can find more information on this request and how to respond by visiting the [Non-SIT SAQTSG Information Requests page of the MHHS website](#). If you have any questions about these requests, please email the Code Bodies at [MHHSQualification@elexon.co.uk](mailto:MHHSQualification@elexon.co.uk).

### **Non-SIT Licensed Distribution System Operator (LDSO) Qualification Testing Readiness Report: Deadline extended to 11 October 2024**

You can view and download the report template [here](#). An updated version of the Non-SIT RTTM Template has been published on the [Qualification Requirements to Test Traceability Matrix \(RTTM\) Page](#) of the MHHS website and has been updated for Non-Functional and Operational.

If you have any questions, please email [LDSO\\_QT@mhhsprogramme.co.uk](mailto:LDSO_QT@mhhsprogramme.co.uk)
