The IBM Jazz element of the Energy Market Architecture Repository (EMAR) will be unavailable for approximately 6 hours from 17:00 today (26 April 2024) for planned maintenance. No other REC services will be affected, and you can still view the digitalised REC using the Digital Navigator during the outage period.

Market-wide Half Hourly Settlement Updates

Consultation: Qualification Approach & Plan: Annex 1 Non-Functional and Operational Testing Updates, due 03 May 2024

Annex 1 of the Qualification Approach and Plan has been updated to include details on Non-Functional and Operational testing and has been published for consultation.

Annex 1 is specific to Distribution Network Operators (known as LDSOs in the MHHS Programme) who are not participating in MHHS Systems Integration Testing (SIT). As the scope of Non-Functional testing between Non-SIT LDSO Qualification Testing and Non-SIT Supplier and Agent Qualification Testing will be similar, Suppliers and Agents may also wish to review the updates.

To view the document and for information on how to submit comments for this consultation, please visit the [Qualification Approach & Plan page of the MHHS website](#). Comments are due by **17:00 on 03 May 2024**.

Following the end of the consultation, the document will be triaged for comments at the Qualification Working Group (QWG) on 14 May 2024, and is subject to approval by the BSC and REC Performance Assurance Boards and the Qualification Advisory Group (QAG) on 23 May 2024.

If you have any questions please email LDSO_QT@mhhsprogramme.co.uk.

Consultation: Cutover Plan for M10 (Central systems go live) /M11 (Start of migration), due 07 May 2024

On 23 April 2024, the MHHS Programme published the M10/M11 Cutover Plan for industry consultation. The M10/M11 Cutover Plan sets out the activities that MHHS participants will be required to carry out:

- in the lead up to M10 – when Central systems will be ready for the migration
- at M10, and
- between M10 and M11 – when migration will start

These activities will enable the Programme to successfully reach both M10 and M11 respectively.

DNOs

Suppliers

The plan outlines what the activities are, along with when they are expected to take place, who the responsible parties are, the declaration requirements that participants will be expected to follow and the key dependencies that may impact particular activities.

To provide feedback on the M10/M11 Cutover Plan, please visit the [M10/M11 Cutover Plan page of the MHHS website](#) and download the Comments Log. Once completed, or if you have any questions, please email the spreadsheet to the Transition & Operational Readiness team at OpReadiness@mhhsprogramme.co.uk. Comments are due by 17:00 on 07 May 2024.

When the consultation closes, the Programme will review and respond to all comments. Following this, the updated document will be tabled for approval at the Migration and Cutover Advisory Group (MCAG) on **04 June 2024**.

MHHS Open Day: 23 April 2024

The MHHS programme were delighted that over 200 people were able to join the MHHS Open Day on 23 April 2024, either in person or virtually.

If you were unable to attend the Open Day, or you want to remind yourself of some of the content, the presentation slides are available on the [MHHS Webinars & Open Days page of the MHHS website](#).

The programme team are pulling together a Q&A document that will be published on the MHHS website alongside the recordings of the sessions. They will share where to find these in due course.

Attendees are being encouraged to take 5 minutes to complete [a short feedback survey](#). Thank you to everyone who has already responded. If you have any other queries or you'd like to provide any additional feedback, please email us at PPC@mhhsprogramme.co.uk.
