### Introduction to the REC Webinar

The Code Manager hosted an Introduction to the REC Webinar on 25 April 2024 to introduce new REC Parties and those who wanted to have a refresher to the Code. To access the recording and slides click [here](#).

## Sandbox and Derogation Update

MEMs

At the Performance Assurance Board (PAB) meeting held on 30 April 2024, the REC Change Management Team presented an update on [R0152 - Revision to the Consolidated Metering Code of Practice \(CoMCoP\)](#) progress. The PAB agreed the following:

- For DER\_19 to be extended to cover 23 additional clauses and to apply to the identified REC Party types and clauses until the implementation of R0152; and
- For the Change Management Team to provide timely updates to the PAB on the progress of R0152, as well as ongoing standard updates to the REC Change Panel.

Please refer to the [April 2024 PAB Headline Report](#) for a full summary of the discussion and to the [CoMCoP Revision Derogation folder](#) accessible via the [Sandbox and Derogation Register](#) for all associated documentation.

## Market-wide Half Hourly Settlement Update

Habitat Energy Limited	10923911	25/04/2024

For further detail on REC Party Accessions, please see the [REC Party Register](#).

## Code Roadmap Relaunch

MEMs

DNOs

Suppliers

We are pleased to announce the refreshed version of the REC Code Roadmap is now available. It presents the priority work items that the REC Code Manager is delivering now and in the near future that are resulting, or could result, in changes to the REC.

Key change and assurance activities are captured within Themes: topics which have a notable amount of focus now or are planned to in the near future.

Each theme is presented in detail and based on your feedback we have included a timeline showing events such as workshops/webinars, publications, consultations, decisions, and releases.

The Code Manager and RECCo will use the roadmap as part of managing REC Changes; for example identifying synergies, potential gap areas, prioritising and scheduling change. The Market Wide Half Hourly Settlement change freeze is represented, and how it is affecting the change portfolio.

We hope you will use the roadmap to understand the nature and volume of change per Theme. Send us your views, e.g. if your priorities are not sufficiently represented in the change portfolio, or if you would like to see other information included on the roadmap. The Code Roadmap is published in the Digital Navigator and will be refreshed approximately each fortnight. Click [here](#) to view the roadmap.

## Performance Assurance Board Nominations

Suppliers

The Code Manager is seeking nominations from Suppliers for the Supplier Member vacancy on the REC Performance Assurance Board. Contract Managers were issued with a nomination form on 25 April 2024, if you would like to nominate yourself or someone else please complete the nomination form and send to [committees@recmanager.co.uk](mailto:committees@recmanager.co.uk) by 17:00 on **10 May 2024**.
