Code Consistency Check Assurance Review

The MHHS Programme thanks all the participants that responded to the Consistency Check Code Artefacts initial consultation. The Code Artefacts have been triaged and updated, and you can view these on the [Code Artefacts Consistency Check page of the MHHS website](#).

Participants can provide feedback on these Artefacts via the Consistency Check Assurance Review. To submit a confirmation of review or comments [here](#). Following the end of the review, subject to any changes, the final Artefacts will be published before requesting recommendation at the Code Drafting Working Group on **13 August 2024**, and for approval at the Cross-Code Advisory Group on **21 August 2024**. Comments are due by **17:00** on **02 August 2024**. If you have any questions about these Code Artefacts, please email Code@mhhsprogramme.co.uk.

Non-Systems Integration Testing (SIT) Licensed Distribution System Operator (LDSO) Non-Functional Test Scenarios and Test Cases Consultation

On **24 July 2024**, the Programme issued the **Non-SIT LDSO Non-Functional Test Scenarios and Test Cases** for consultation. For more information and to provide feedback on the Non-SIT LDSO Non-Functional Test Scenarios and Test Cases, please visit the [Non-SIT LDSO Qualification Testing Test Scenarios and Test Cases page of the MHHS website](#).

Comments are due by **17:00** on **02 August 2024**. If you have any questions, please email LDSO_QT@mhhsprogramme.co.uk.

Non-Systems Integration Testing (SIT) Licensed Distribution System Operator (LDSO) Qualification Testing Readiness Report and Requirements to Test Traceability Matrix (RTTM) Templates

The MHHS Programme has issued the Non-SIT LDSO Qualification Testing Readiness Report Template and an updated version of the RTTM Template. This report aims to ensure that all necessary components and prerequisites are in place to conduct testing in the Qualification Testing phase efficiently and effectively.

The template is for participants to complete to ensure readiness before Qualification Testing starts. You can view and download the report template [here](#). An updated version of the Non-SIT RTTM template has been published on the [Qualification Requirements to Test Traceability Matrix \(RTTM\) page of the MHHS website](#). This has been updated for Non-Functional and Operational.

The deadline for the final report is **02 September 2024**. If you have any questions, please email LDSO_QT@mhhsprogramme.co.uk.

Qualification Contact Points and Key Governance Meetings

- [Qualification Advisory Group \(QAG\)](#)
- [Qualification Working Group \(QWG\)](#)
- [Non-SIT LDSO Qualification Testing Subgroup \(LQTSG\)](#)
- [Non-SIT Supplier & Agent Qualification Testing Subgroup \(SAQTSG\)](#)

For more information on these forums, how to engage with them, and to view meeting papers, please visit the [Qualification Governance page of the Collaboration Base](#).

Theft Issues Group

MEMs

DNOs

Suppliers

The Theft Issues Group (TIG) invites you to join its next meeting on **28 August 2024** to discuss, refine and understand the practical implications of its first Change Proposals in the theft space.

1. **Theft Detection Incentive Scheme (TDIS)**

TIG has been considering how the TDIS can be changed to address some of the issues identified, including extending the scope of incentive payments to include investigative work that does not lead to a confirmed theft.

2. **Desktop and Site Visit Definitions for Theft Investigations**

This change will clarify what level of work and evidence is needed from Parties when conducting investigations to indicate Code compliance and to be accounted for under any schemes incentivising these activities.

Please contact committees@recmanager.co.uk to express your interest.

REC Committees Elections

The Nominations and Election period for the REC Change Panel, Performance Assurance Board, and Metering Expert Panel has come to an end, thank you to all the candidates and respondents for engaging in the process.
